

# WE DELIVER MORE THAN JUST A SHINY NEW TRUCK...

We already offer you the most offloading solutions in the industry, and can custom build our vacuum loaders to suit your exact needs. We can help you find financing. And, with our Right Start program, we personally deliver the keys, provide operator and safety training and give you all the information you need to be more productive from the very beginning.

Beyond that we support your new or hard-used old trucks with fast access to genuine Guzzler parts and a toll-free number you can call for application expertise. We also have regional FS Solution service centers that can provide anything from minor repairs and refurbishing to total rebuilds.

And because we want your business to shine as much as a new truck we will pass along customer referrals every chance we get.
